OBJECTIVE

Pharmaceutical research has reached new heights with the rapid advancement in drug design, discovery and development of new drug delivery systems. Recent development in the field of molecular biology, genomics, proteomics, nanotechnology, high throughput technologies, pharmacovigilance, and computational biology has opened new vistas of knowledge to understand science at molecular level.

The two - week staff development programme is designed to share the current status of knowledge with new generation pharmacy faculties to equip them with the recent tools and techniques used in teaching and research. The programme is devised meticulously to expose the young faculty participants to various laboratory experiments, demonstrations, research methodologies and biostatistical skills.

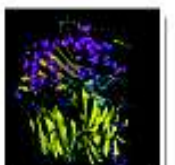

RESOURCE PERSONS

A pool of eminent academicians, researchers and professionals from various universities, institutes and industry will deliver lectures on their areas of expertise.

ELIGIBILITY

Pharmacy teachers from AICTE /PCI / UGC recognized institutions having less than five years of teaching experience.

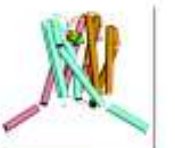

SELECTION

The selection will be made on a first-come, first-served basis.

REGISTRATION

A maximum of twenty participants will be selected for this AICTE sponsored staff development programme. The registration fee is Rs.500/- and should be sent along with the filled-in registration form (duly forwarded by Head of the institution) in the form of Bank Draft in favor of Roland Institute of Pharmaceutical Sciences payable at Berhampur, Orissa. Forms can be downloaded from the website. The registration fee includes accommodation, local hospitality, high tea during programme and to and fro traveling expenses by shortest route (actual bus fare or sleeper class train fare).

ABOUT THE INSTITUTE

Founded in the year 1986 Roland Institute of Pharmaceutical Sciences, Berhampur is one of the premier academic institutions in eastern India. Berhampur popularly known as the silk city is well connected with road, rail and air. Roland Institute of Pharmaceutical Sciences is affiliated to Biju Patnaik University of Technology, Orissa and approved by PCI and AICTE, New Delhi. The institute is well-equipped to impart Pharmacy education and research and has the distinction of being very first institution in the state of Orissa to start Masters Degree Programme in Pharmacy. The institute has completed many research projects and successfully organized various seminars, workshops and training programmes. The institution has a strong pool of talented, experienced faculty having good research publication to their credit with international exposure of academics.
